**This internship** provides a great cross-cultural missions experience right here in the United States, providing exposure and ministry opportunities to unreached people groups from all over the world. You will serve among Hindus, Muslims, Buddhists and the non-religious that are coming to the U.S. as refugees, immigrants, and international students. Summer interns work alongside full-time missionaries to learn how to build relationships and share the love of Christ with those who have never heard; and whom God has brought to our very doorstep.
