Africa Inland Mission International (est. 1895) is an inter-denominational mission organization with the vision to see Christ-centred churches among all African peoples. Drawing personnel from Europe, North America, Asia Pacific, South America, and South Africa, we serve in over 20 different African countries. We also engage in ministry to Africans who have emigrated to other parts of the world, including Africans living in Canada.

In the spirit of our founder, Peter Cameron Scott, AIM has a renewed commitment to push even further 'inland', to pioneer work among those in Africa and in the African diaspora who don't currently have access to the Gospel. Scott was inspired by Jesus' words in John 10:16:

"I have other sheep that are not of this sheep pen. I must bring them also. They too will listen to my voice, and there shall be one flock and one shepherd."

who we serve

the unreached

AIM's vision is to see Christ-centred churches among all African peoples. We prioritize ministry to the unreached. Currently there are roughly 900 ethno-linguistic people groups on the African continent who are categorized as unreached.

the existing church

We seek to inspire and catalyze African churches to join in cross-cultural outreach to unreached people groups. We also serve men and women who lead African churches as pastors, elders, deacons and women's ministry leaders through providing training.
