

*Strategic Service*

Africa Inland Mission International (est. 1895) is an interdenominational mission organization with the vision to see Christ-centred churches among all African peoples. We serve in over 20 countries in Africa and minister to Africans in the diaspora as well. Our members come from Europe, North America, Asia Pacific, South America, and South Africa.

In the spirit of our founder, Peter Cameron Scott, AIM has a renewed commitment to push even further 'inland', to pioneer work among those in Africa and in the African diaspora who currently do not have access to the Gospel. Scott was inspired by Jesus' words in John 10:16:

*"I have other sheep that are not of this sheep pen. I must bring them also. They too will listen to my voice, and there shall be one flock and one shepherd."*

# Support

## Supporting those gifted in evangelism and discipleship through:

- Leadership
- Administration
- Finance
- Professional Counselling/Psychiatry
- Education of Workers' Children
- Logistics/Team Set-up
- Hospitality
- Aviation – pilots & aircraft maintenance
- IT/Computer
- Media Production

## Join us in providing support for those who are reaching, inspiring and training Africans

## Compassionate Support

Providing support for front line workers and their families

"We couldn't do what we do without them ..."

*AIM Missionary*

Africa Inland Mission's vision is to see Christ-centred churches among all African peoples.

In order for AIM to achieve its God-given mandate to reach people who have never heard the Gospel, there is a significant need for those with leadership, administration and other gifts to support those who are taking the message to the 'ends of the earth'.

Whether it's through the support and encouragement of new personnel while they're still in Canada, strategic oversight of ministries in Africa, financial support services, missionary care, or the education of our workers' children, AIM needs people who will dedicate their lives to roles which will make it possible for others to live in difficult places and engage in challenging ministries.

## Educational Support

Families who move to remote locations often choose to home-school their children for the first few years of their education. Educational support for the family is a huge encouragement but also affords an individual the opportunity for evangelism and discipleship in the community.

We are looking for educators (not necessarily certified teachers) who also have a heart to do outreach into an unreached African community.

## Tumaini Counselling Centre

AIM Care is a ministry focused around the Tumaini Counseling Centre in Nairobi which provides counseling and psychiatric support for AIM personnel in crisis, in transition, or in support of their children.

Trained Counselors, Psychiatrists, Pastoral Care-givers

## AIM Air

AIM Air provides air support for AIM personnel and African ministry partners who serve in remote locations. Transportation, supplies, emergency evacuations are all provided by AIM Air.

Pilots, Aircraft Mechanics, Specialists (e.g. Avionics Technicians), Administrative Personnel

## Rift Valley Academy

Rift Valley Academy was founded in 1906 by AIM and continues to provide education for the children of AIM workers. RVA provides high quality education with boarding for students in elementary and secondary schools.

Teachers, Dorm Parents, Administrators, Support Staff

## On Field Media

On Field Media is AIM's team that creates, writes, produces, edits and documents AIM's ministries in order to tell the story of AIM around the world.

Writers, Videographers, Photographers, Producers, Editors

## Education

AIM has partnerships with Christian schools in different countries in Africa which provide education from a Christian world-view perspective. These schools serve expatriate students but also reach out to students from a variety of faith-backgrounds.

Teachers, Administrators, Chaplains, Coaches

## Administration

Combining skills in organization, planning and communication with a passion to see unreached people come to faith in Jesus Christ, gifted administrators are vital to providing practical support for front-line workers.

Administrative Assistants, Managers, Finance Directors/Bookkeepers

## Computer/IT Support

Technology is a strategic part of ministry even in Africa. Networks need to be maintained; websites updated; front-line workers need technical support.

Web-masters, Network Administrators, Hardware and Software Support Technicians

## Logistics

New teams in remote locations need support in setting up housing, transportation, and figuring out how to get supplies.

Construction Foremen, Mechanics, Contract Negotiators, Purchasers
