DREAM Team 2019 Info Sheet:

The mission of DREAM teams is to support local ministries in Europe as they serve the unreached, make disciples and establish communities of Jesus followers in their cities. The face of Europe is changing quickly as millions of new immigrants and refugees flood into Europe, with a majority of them from a Muslim background. Although there are many vibrant churches and millions of Christians in Europe, they are struggling to reach their new neighbors. Help and encouragement are needed!

As a DREAM team member, you will be like a farmer, sowing seed, looking for those who represent good soil where the seed can take root (Matthew 13). Through sports and practical acts of service, such as helping furnish immigrant housing or food distribution, you will begin to sow the seeds of the Gospel. There will be moments to:

- Listen to the stories of the immigrants, engage in conversation, and ask questions that communicate your care for them.
- Tell your story: Share a pivotal Jesus experience from your life.
- Tell God's story: Share the story of the Bible.

Join one of our four teams and be mentored by a team leader who is serving in that context. Participate in three days of training before travelling to your ministry location. Teams will divide into small ministry groups during the day and reunite in the evenings to share their experiences.

When can I serve in 2019?*

Spain/Belgium 19 June – 6 July

or

Malta/Sicily 26 June – 13 July

How much support will I need to raise?***

\$3500-\$3800
